

Realm Skills and Interests

Created by Peter Todd on 9/21/21

This document contains details on how to log add your skills and interests to your Realm profile. If you have questions, please reach out to Heather Vanderberg (hvanderberg@firstunitedoarkpark.com) in the office.

If you are looking for a way to get more deeply connected to life at First United, consider adding your skills and interests to your Realm profile. Adding your skills and interests will help our staff and volunteers connect you with serving opportunities in the church and will also allow you to browse existing serving roles. The system will even suggest roles that might be a good fit for you based on your skills and interests

Here's how it works:

- Log into your Realm account in a web browser at URL <http://OnRealm.org>.
- On the left side of the window, click on "Serving."
- Once you are in the "Serving" module, click on the "Skills and Interests" button and select those areas in which you have experience and/or that you might be interested in connecting with here at First United. First page will be skills and then interests
- You can also click on the "Browse Serving Opportunities" button to see what roles are currently available and what might be a good fit.

Filling out your skills and interests does not obligate you to any serving role at First United. It's simply a tool to help folks get engaged and connected with ministries that might be a good fit.
